TRUCKING FOR CHRIST

"WOW!, THIS IS UNBELIEVABLE!", he said

That was the response of the first truck driver that I gave a Chick Publications Gospel tract to last Sunday. His father had been a truck driver when Jim was just a kid. His dad always brought Chick Gospel tracts home, and his son was always looking forward to them.

Chick Gospel tracts are probably the best soul winning tracts in America, if not the world. They use cartoon characters representing every aspect of life, who hear the Gospel and get saved, or reject it and die lost. Every tract is loaded with King James Bible verses, which back up the message being said, or done in these tracts. They are for all ages, and have a sinners prayer at the back of every tract. God has used these tracts for many years to get hundreds of thousands saved, all over the world, and in many different languages.

These tracts meant a lot to Jim, who had not seen them in many years. He was in his late 20's now, and driving a truck himself. These tracts had been used to get him saved when he was just a kid. It was like his dad getting those tracts to him all over again! ☺ I gave him a bunch to take with him and give to other truckers.

After he left, a married couple came by. They were already saved and took a real liking to those Chick tracts, too. They were in a hurry to take a load someplace, but they were glad to see that we have a truckers chapel here, and they are going to try and get back. They, also, asked for Gospel tracts to take with them. Arming the saints with Christian ammunition, as well as getting others saved, is all part of an effective soul winning ministry.

Seven people got saved a few Sundays ago; Two truckers, three adults, and two children about 12 years old.

Many truckers come through Truck World, here in Hubbard , Ohio. There are truckers coming here that might be so depressed, they are on the verge of suicide! I have counseled those whose marriages are breaking up and don't know which way to turn. Many truckers who go to church think their good works or church membership will save them. I have witnessed to people in the cults and the occult. Satanists, alcoholics, drug dealers and drug heads. The same Gospel can save any of them, and has! Praise the Lord! We also give them free King James Bibles, and tell them how to grow as a new Christian. Salvation is open to all who repents (Luke13:3), and turns to Jesus for salvation (Rom. 10:13), receiving him as the only one who can save them (John 14:6). His Blood washes away our sins (Eph. 1:7), and gives us eternal life! (John 3:15&16).

Thanks for your fervent prayers for this ministry, and their souls. May God reward you greatly! "Be blessed!"

Buried Bombshell: Tennis World Rocked as FIFTEEN “Fully Vaccinated” Players Unable to Finish Miami Open

By J.D. Rucker • Apr. 2, 2022

Tennis fans are upset and the sporting world is reeling after an unprecedented number of players either withdrew or retired from the Miami Open this week. A total of 15 players were unable to finish, including the male and female favorites to win.

According to [Free West Media](#):

The tennis world reacted with shock after favorites Paula Badosa and Jannik Sinner had to retire during the quarterfinals of the Miami Open. Badosa, soon to be the number three in the world, became unwell during her match against Jessica Pegula and left the court in tears.

Badosa, who was comforted by her American opponent, decided to stop after consultation with her physiotherapist. Pegula reached the semifinals of the Miami tennis tournament for the first time in her career after Badosa's resignation, reported Yahoo Sports.

In the men's tournament, the Italian phenomenon Jannik Sinner was forced to withdraw. He gave up after 22 minutes in the game against Francisco Cerundolo, the number 103 in the world ranking.

“When I served at 3-1 and 30-0, I saw him bend over. It was very strange,” Cerundolo said during an interview. “I hope he's okay, he's a great player.”

The 23-year-old Argentinian surprisingly reached the semifinals with his first participation in the master tournament in Miami.

It was the second game in a row that ended prematurely for the tennis fans. Fans reacted with shock to the bizarre tennis day. “What is going on?” someone asked.

Nobody is pointing to the obvious. All of the players must be “fully vaccinated” in order to compete. Just as we've noted for several months, most major sports have been hit with “inexplicable” medical conditions popping up in young and otherwise healthy athletes, including our report that [three cyclists fell in March alone](#).

Folks, this is the jab. There is no other viable possibility, especially when we consider how even the CDC and other agencies have acknowledge the Covid “vaccines” cause increases in heart problems for young people, including myocarditis, pericarditis, and heart attacks.

There has never been as much gaslighting and propaganda geared towards covering up the truth than with these injections. Leaders across the country and around the world have so much wrapped into the vaccines, one has to wonder who's pulling the strings. Some of it is personal; any politician who comes out with the truth about the jabs will be pushed out of office faster than Will Smith's exit from Hollywood's elite club. The same is true for journalists. Corporate media is just as invested and possibly even more complicit in spreading the lies.

But it may be worse than that. Like so many things we've witnessed over the last three years, there appears to be a coordinated effort to suppress the truth. Pandemic Panic Theater is still in action despite the odd February push by Democrats to lift most face mask and vaccine mandates. There are already talks of 5th and 6th jabs even as the 4th jab gets rolled out in the United States.

Is this all part of The Great Reset agenda? Is it all about control? Depopulation? The answer to all three questions is very likely, “Yes.”

These injections are dangerous. Athletes across the globe are falling. Average people are experiencing horrible adverse reactions. Tens, perhaps hundreds of thousands of people are dying from them. It could even be millions; the data is so obscured. All the while, politicians and corporate media are pretending it all away is if there's nothing to see here.

MEDICAL DOCTOR PLEADS FOR REVIVAL

Issue Date: March/April 2022

On a recent Epoch news appearance, Dr. Robert Malone, a pioneer in mRNA vaccine technology was asked his opinion on today ills. Instead of speaking from his high technical and medical position, he broadened his approach. He started by urging people to "be kind to each other." Then he ticked off three deep needs in our culture that are far bigger than the current problems with COVID-19: integrity, dignity, and community.

On the surface, the words seem so commonplace that they need no explanation. Everybody nods in agreement and then we go to the next news item. But for the soul winner who pauses to think about it, we have to admit that this is the heart of our purpose as Bible believers.

INTEGRITY: Synonyms include: reliability, truthfulness, honesty, veracity. The Bible puts it another way: "Righteousness exalteth a nation; but sin is a reproach to any people." (Proverbs 14:34.)

Over a hundred years ago, American leaders began to legalize sin and move us away from a culture of righteousness (integrity). Great academies like Harvard, Yale, Columbia, et. al. (originally christian colleges) decided that our Creator was no longer important and traded their biblical heritage for the god of false science.

So, how do we get integrity back? Isaiah's prescription for Israel: "Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the LORD, and he will have mercy upon him; and to our God, for he will abundantly pardon." (Isaiah 55:7) If we want to fix our land, every Bible believer must shoulder the Great Commission and preach, in some fashion, forgiveness for sin.

DIGNITY: Basically, "what a man is worth." Ever since Charles Darwin, the word has gone out that man is just another kind of animal. We are just one more accident in an uncaring universe. "Life is absurd —then you die!" as one disillusioned youngster put it.

The truth necessary to counter this lie can be complex. But in the last 50 years, God has brought to the surface, through legitimate science, overwhelming facts about His incredible creation. For example, the blueprint information in the DNA molecule can only have come from a high order of intelligence. They have discovered that our "little blue planet" is so perfectly fine-tuned for life, that the likelihood of other civilizations in our cosmos is beyond remote.

Any conclusion other than that man's worth is bound up in the purpose of a caring Creator, is hopelessly naive.

The most familiar of scriptures testifies to this: "For God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life." (John 3:16) That beloved "world" is not just a cold space rock, but the teeming billions inhabiting it.

COMMUNITY: Dr. Malone's third criteria is also obvious from both "nature" and scripture. God Himself is basically a community of three: Father, Son, and Holy Spirit. Together, they created the first family with the ability to multiply. Families grew into tribes and later the church was birthed. Today, we can still rely on the goodness of the unity of the Creator, our own families, and the church fellowship.

Dr. Malone is really calling on the Bible believers to step up. Using different words, he pled for God's people to bring the cultural correction so desperately needed.

Chick tracts have always carried the scriptural solution to personal sin and declared God's plan for the thriving of His beloved creatures. And the testimonies over the years from readers are proof that God's word gets the job done. Soul winners, we have lots of work to do!

SCIENTISTS FINALLY FINISH DECODING ENTIRE HUMAN GENOME

Thursday, March 31, 2022 | Tag Cloud Tags: News, Washington, Worthy News

Worthy News) – Scientists say they have finally assembled the full genetic blueprint for human life, adding the missing pieces to a puzzle nearly completed two decades ago.

An international team described the first-ever sequencing of a complete human genome – the set of instructions to build and sustain a human being – in research published Thursday in the journal Science. The previous effort, celebrated across the world, was incomplete because DNA sequencing technologies of the day weren't able to read certain parts of it. Even after updates, it was missing about 8% of the genome.

"Some of the genes that make us uniquely human were actually in this 'dark matter of the genome' and they were totally missed," said Evan Eichler, a University of Washington researcher who participated in the current effort and the original Human Genome Project. "It took 20-plus years, but we finally got it done." [Source: Washington Times (Read More...)]

Chick.com: Baby Baphomet Joins Baby Jesus in Illinois State House

BABY BAPHOMET JOINS BABY JESUS IN ILLINOIS STATE HOUSE

• Issue Date: March/April 2022

CAPTION: The Satanic Temple has installed a 'Baby Baphomet' holiday display at the Illinois State Capitol.

This year, while protestors watched, members of the Satanic Temple of Illinois installed a "Christmas" display alongside baby Jesus in the state capitol in Springfield. A Temple press release stated, "This year's tradition marks a greater urgency in the Baphomet's message of harmony and reconciliation." To emphasize the "harmony," a "horror artist," Chris Andres, of Albuquerque, was engaged to design the infant Baphomet idol. The word "unity" appeared in another statement of purpose.

The Satanic Temple (TST) claims to be a humanist organization, headquartered in Salem, Massachusetts. This is not the first such display in the Illinois capital. In 2019, TST installed one titled "Knowledge is the Greatest Gift," featuring the serpent deceiving Eve in the garden of Eden.

TST has tried other ploys, including an attempt to install a statue of Baphomet in Arkansas, but is best known for its attempt to sneak abortion into a religious exemption to the Texas anti-abortion law. The argument was that they had developed a religious ritual in their worship, a part of which included an actual abortion.

Their claim was that because all religious rituals are guaranteed by the constitution, this permitted abortion under any circumstances, as long as it was performed during the verbal mumbo-jumbo of their ritual ceremony.

This is another display of Satan's word games. Given his basic motive to "steal, and to kill, and to destroy," (John 10:10), the TST's use of "harmony," "reconciliation," and "unity," must have entirely different connotations. Satan would love to "harmonize" mankind's rebellion against God.

"Reconciliation" has got to be everybody joining together and worshipping the devil. And "unity" would be achieved if everyone were dead.

Soul winners, this is just additional evidence that we have more work to do.

Chick literature can help. Although Baphomet is emerging in other expressions, it has historically been most associated with Freemasonry. The tract, *That's Baphomet* gives some background in the concept of Baphomet as well as its role in Freemasonry. This is backed up by a paperback book, *Should a Christian be a Mason?*, which has an entire chapter on the role of Baphomet in the history of Freemasonry. Both are available at www.chick.com or by calling 909 987 0771.

What's abundantly clear is that **the corporate media is covering up pedophilia** to protect Disney, which is pushing a dangerous, demonic "woke" agenda through its movies and networks in order to recruit young children into transgender perversions and mutilations.

SICK SONG: It's a Small CHILD After All In today's Situation Update, I belt out a truly sick, twisted rendition of, "It's a Small World" but altered to the new title, "It's a Small CHILD After All."

Here are the lyrics:

It's a world of grooming a world of kids
It's a world of felony crimes that we did
There's so much that we share
When those young butts are bare
It's a small child after all

[Chorus]

It's a small child after all
It's a small child we'll take them all
It's a small child watch them crawl
It's a small, small, child

Child-grooming DISNEY linked to Ghislaine Maxwell and Jeffrey Epstein's PEDO island... #BoycottDisney

(Natural News) In today's sickening news, Substack's Emerald Robinson asks the question, "[Why Was Ghislaine Maxwell Doing Fundraisers For Disney in 1985?](#)"

From the story: *Photos of convicted pedophile Ghislaine Maxwell hosting an event called "Happy Family Day" in 1985 have surfaced on the Internet today. It's the ultimate PR nightmare. It's going to be very hard for Disney to claim that it's not a pro-pedophile organization when it literally took donations from the world's most infamous (still) living pedophile and "groomer to the stars."*

En-volve.com also adds to this report in a story entitled, "[REVEALED: Disney Was Sending Kids To Epstein's 'Pedophile Island' For 'Snorkeling Trips'](#)"

For years, a Disney-owned and operated Caribbean cruise line was operating a 'snorkeling tour' for kids to Jeffrey Epstein's renowned "Pedophile Island."

For kids aged 8 and up, a day trip to Little St James, sometimes known as "Pedophile Island" by locals, cost \$60 to \$75.

The Disney Cruise did not warn parents that Epstein's renowned island was owned by the notorious billionaire pedophile, describing it as "sun-soaked." Rather, the literature spoke of "curious fish" that "dart back and forth in the beautiful blue water."

Independent reports: A criminal complaint from the attorney general of the US Virgin Islands, which is attempting to seize Little St James as government property, described it "the perfect hideaway and haven for trafficking young women and underage girls for sexual servitude, child abuse and sexual assault".
