Whats Right Whats Left Ministries

"But be ye doers of the word, and not hearers only, deceiving your own selves"

James 1:22

Pastor Ernie Sanders founded What's Right What's Left Ministries in the 1985 and is the senior pastor at Doers of the Word Baptist Church. He is the Chancellor of the Kings Word School of the Bible. He served honorably in the US Army in the 1960s. He married the love of his life Ellen in 1968 and started a family with Timothy and Matthew.

Pastor Sanders founded Northeast Ohio's Missionaries to the Unborn in 1974 and Co-founded Geauga County Right to Life in 1978. He was a Board member on Ohio Right to Life for 21 years. His ministries have saved over 24,000 babies from the hands of abortionists. He works tirelessly with his prison ministry including working with death row inmates. He was a pioneer of Ohio's Homeschooling movement and continues to advance our children's education. Pastor Sanders continues to champion and advance all conservative values that make America great including our 1st and 2nd amendment rights guaranteed by our Creator.

Pastor Sanders is The Voice of The Christian Resistance Movement. He started off in the 1970's with conservative talk show host Seth Galbraith. Their popular show "Biblical answers to secular questions" paved the way to his current radio ministry on "The Word". He's an internationally known preacher & speaker seen and heard on TV and radio over the years. His daily radio shows stream around the country and can be heard on over 20 radio stations. His daily shows are streamed live around the world and are cataloged at [AM 1220 The Word](#)

Reaching out and spreading The Word through so many avenues is becoming increasingly costly and his enemies are emboldened during the current anti-Christian, anti-American climate. No one shines the light of truth on so many like Pastor Sanders. Unlike most churches, WRWL Ministries is not a 501c corporation. We do not have any corporate sponsors and we are NOT indebted to corporations or government agencies. This allows us to spread the Word of God WITHOUT compromise. 100% of our donations are from people like you! Your generosity allows us to spread The Word around the world!

We thank you from the bottom of our hearts for your continued support. Please continue to follow Pastor Sanders and spread the word to your friends and family. TRUCKING FOR CHRIST
Hal Larson, Missionary
Doers of the Word Baptist Church
14781 Sperry Rd., Newbury, Ohio 40065
(330) 610-3174

We have been busy at the Truck stop, doing lot of witnessing, counseling, giving out many Gospel tracts, free King James Bibles, and wrestling spiritually with people filled with the world, the flesh, and the devil!

But in the midst of all these battles going on, many Christian truck drivers have been blessed greatly by our being here. We often encourage Christian truck drivers to pass out tracts and witness to other truckers wherever they go. We give them tracts and King James Bibles to make sure they are armed with the weapons of Christian warfare.

Our being here is not only getting people saved, but strengthening many already saved, but who are starving for Christian fellowship.

More good news is that the Lord has brought a real soul winner here to help us

to win souls. Please include Tony Cruz, a Christian Air Force veteran in your prayers. He has been in a lot of action over the last few years. Tony is a real patriot, and loves America.

We don't have much longer to serve the Lord before the Rapture takes place. The left wing, Communist, antichrist bunch of reprobates, who subverted the last election, are turning America into a cesspool of immorality, filth, and abominations as fast as they can!! The Democrat Communist Party stands for everything that God hates! This country needs to turn back to God, and ask Jesus to save us!

Pray for this ministry and yours, that God meets the needs. Thankyou! And God Bless You! :)
Tell others about Jesus and getting saved!!! Now is the time!

Lord Jesus, I know I'm a sinner and
that You died and rose from the dead
for me. Please forgive me for my sin
and take me to Heaven when I die.
Thank You! AMEN

P.S. We could use some more King James Bibles and Gospel Tracts from Chick Publications. If anyone can help out in meeting these needs, it would be appreciated. There are about 5 million over the road tractor trailer drivers going up and down our highways daily. The harvest is truly plentiful! We thank God for using people like you to meet the needs. God bless !! ☺

Scientist tells Senate: Dr. Fauci lying about coronavirus research in China

NIH official's statements to Congress 'are demonstrably false'

President Donald J. Trump listens as Dr. Anthony Fauci, Director of National Institute of Allergy and Infectious Diseases, addresses his remarks at a roundtable on donating plasma Thursday, July 30, 2020, at the American Red Cross-National Headquarters in Washington, D.C. (Official White House photo by Tia Dufour)

Testifying Wednesday before the Senate, a prominent health scientist charged that Dr. Anthony Fauci and other federal health officials have repeatedly lied to Congress about the government's funding of gain-of-function research in China, which is believed by many experts to be the origin of the COVID-19 pandemic.

Dr. Richard Ebright, a professor of molecular biology at Rutgers University, said statements "made on repeated occasions to the public, to the press and

to policymakers by the NIAID director, Dr. Fauci, have been untruthful."

"I do not understand why those statements are being made because they are demonstrably false," he said.

The hearing, "Revisiting Gain-of-Function Research: What the Pandemic Taught Us and Where Do We Go From Here," was held by the Senate Homeland Security & Governmental Affairs Committee's Subcommittee on Emerging Threats and Spending Oversight.

Sen. Rand Paul, R-Ky., the panel's ranking member, has sparred over the issue in numerous Senate hearings with Fauci, who has insisted the NIH has not funded gain-of-function research in China despite evidence to the contrary.

Ebright was among the 16 scientists who authored a letter published last September in the prestigious British science journal *The Lancet* calling for another look at the evidence that the pandemic began with a lab leak. The scientists condemned a February 2020 letter organized by Wuhan lab collaborator Peter Daszak marginalizing anyone who entertained the lab-leak theory as a conspiracist. Ebright and his 15 colleagues said Daszak's letter and a subsequent missive had "a silencing effect on the wider scientific debate, including among science journalists." Fauci received an email from Daszak at the time thanking the National Institute for Allergy and Infectious Diseases director for supporting him on his dismissal of the lab-leak theory.

In his testimony Wednesday, Ebright argued that research at the Wuhan Institute of Virology funded by the National Institutes of Health to increase the lethality and transmissibility of bat coronaviruses fits the definition of gain-of-function research.

"Gain-of-function research of concern involves the creation of new health threats – health threats that did not exist previously and that might not have come to exist by natural means for tens, hundreds, thousands or tens of thousands of years," Ebright said.

Will Dr. Anthony Fauci ever go to prison for his deception?

In an exchange with Paul during a Senate hearing in May 2021, Fauci stated emphatically that the NIH "has not ever and does not now fund gain of function research in the Wuhan Institute of Virology."

Another witness was Dr. Steven Quay, whose research became part of a State Department probe of the origin of COVID-19 under President Trump. Quay, chief executive officer at Atossa Therapeutics Inc., co-wrote a Wall Street Journal column last December citing four studies, including two from the World Health Organization, that provide strong evidence for the lab-leak theory. One study, published by Nature Medicine, concluded the original SARS-CoV-2 pathogen was 99.5% optimized for human infection, which is strong confirmation of the lab-leak hypothesis.

Quay was asked Wednesday by Sen. Josh Hawley, R-Mo., if he was concerned about the expansion of Chinese gain-of-function research.

Quay pointed out that in December 2019, Chinese researchers were "doing synthetic biology on a cloning vector of the Nipah virus, which is 60% lethal."

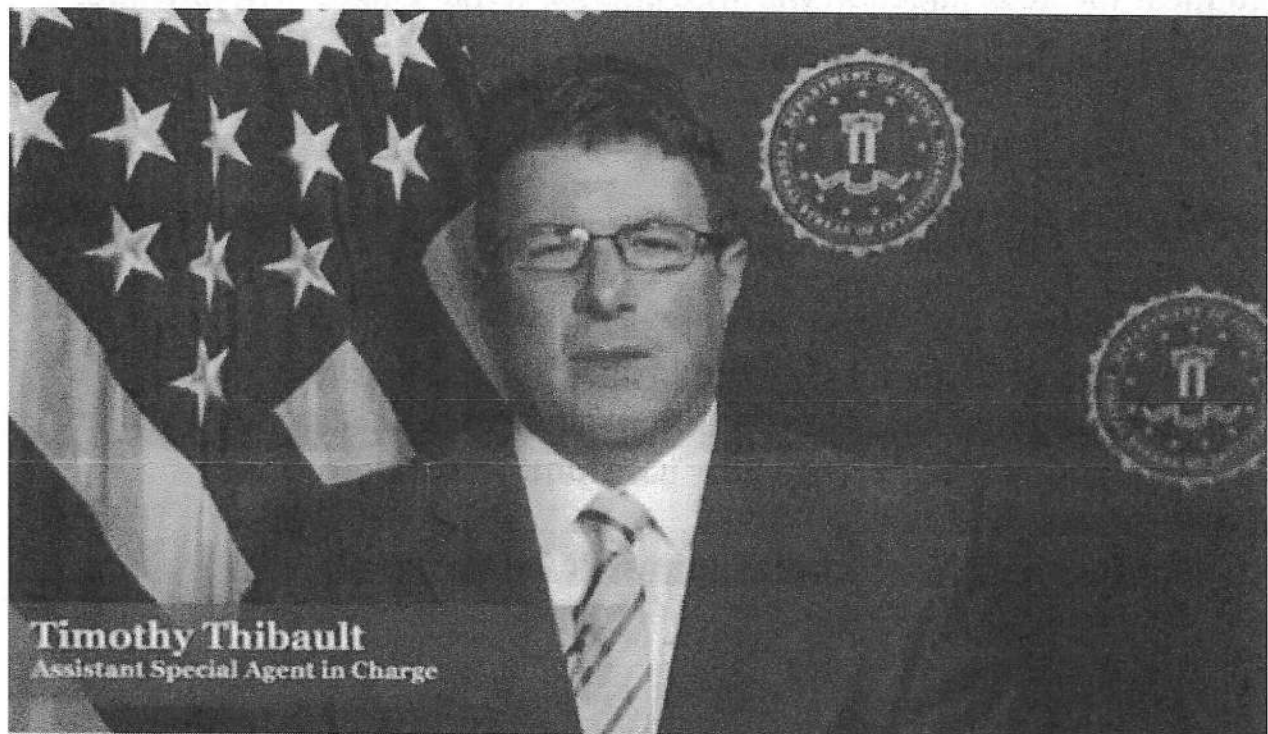

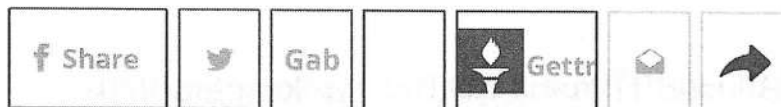

"We just experienced a 1% lethal virus," he said, referring to SARS-CoV-2.

Dirty Cop FBI Agent Thibault, Posted Lincoln Project Anti-Trump Tweets, Covered Up Hunter's Laptop, and Was FBI Spokesman for Election Integrity Before 2020 Election

The dirty cop – FBI Assistant Special Agent Timothy Thibault, outed by Senator Grassley this week as the one who covered up Hunter Biden's laptop while posting anti-Trump Lincoln Project garbage, was also the FBI's spokesman for 2020 Election integrity.

On Monday Senator Grassley released a letter he sent to the “institutionally corrupted to the very core” FBI. The gangsters who took over the FBI during the Obama Administration turned it into a far-left criminal enterprise.

Grassley pointed out that FBI Assistant Special Agent Timothy Thibault shared anti-Trump social media posts while covering up Hunter Biden’s laptop scandal.

FBI Agent Who Covered For Hunter Biden is Russia Collusion Hoaxer - Per Sen. Grassley - The DOJ and FBI Are “Institutionally Corrupted to Their Very Core”

Before the 2020 Election the FBI used Thibault as their spokesperson to suggest the 2020 Election was free and fair. What a joke. This provides more evidence that it wasn’t free and fair.
