MORE TRUCKERS GETTING SAVED!!

God led Andrew, a professional truck driver from Pennsylvania, into the Truck stop this last Sunday. We had been passing out a LOT of Gospel tracts to truckers, but Andrew was one of them that had the time to come into the chapel and sit down. It turned out to be a Divine appointment!!

Andy had been driving for many years. I had asked him, "When you walk out of the truck stop, if you should drop dead right then, do you know 100% for sure that you would go to Heaven or not?" He was sure that he would, based on a lot of good, and even self sacrificial deeds he had done for others in his life. I asked him if he would like to know for sure, based on the Word of God? He said "Yes", and came in and sat at our table in the chapel.

(While I was showing Andrew how to get saved, Tony Cruz, another missionary with Trucking For Christ, was passing out tracts, and witnessing to other truckers, as they walked by the chapel).

I showed Andy Titus 3:5, "Not by works of righteousness which we have done, but according to his mercy he saved us, ..." , and Ephesians 2: 8-9, "For by grace are ye saved through faith: and that not of yourselves: it is the gift of God: Not of works, lest any man should boast."

When Andy read that, he saw that Jesus did all the work to get him to Heaven, and God was requiring his repentance and faith. It was then that he prayed and asked Jesus to come into his heart, forgive his sins, and save his soul from hell. Paise the Lord!! :)

THAT CAUSED ANGELS TO REJOICE IN HEAVEN!!! :) :) AND CHRISTIANS HERE!!! HOW ABOUT YOU?! THANKS FOR BEING A PARTNER IN SOUL WINNING WITH US!!! GOD WILL REWARD YOU!!

Please pray for the Salvation of the hundreds of thousands of truckers going up and down our nations highways on a daily basis! Thanks for letting God use your prayers and donations like you do! There may be truckers and others who YOU can lead to Jesus in your neighborhood today.

Why not go and see now? Let us know what happens! Thanks! And pray for God's power! :)

God wants you to be 100% certain that when you die you will go to Heaven. That's why the Bible says, "*These things have I written unto you that believe on the name of the Son of God; that ye may know that ye have eternal life.*" 1 John 5:13

Lord Jesus, I know I'm a sinner and that You died and rose from the dead for me. Please forgive me for my sin and take me to Heaven when I die. Thank You! AMEN

Be Blessed!

The mass culling of the HUMAN HERD is now under way... here's exactly how it's being accomplished to achieve mass extermination

(Natural News) Globalists see humanity as cattle (or sheeple) to be exploited for as long as needed, then culled like cattle herds when they are no longer useful. As globalist advisor Yuval Harari is now saying (paraphrased), the age of humans is coming to an end on planet Earth, and globalists have activated a multi-faceted plan to "cleanse" the planet of all human beings.

If someone were to have some sick, twisted desire to kill off a herd of cattle, they could simply shut off the water and the food. Death would come in a matter of days or weeks at most. The same is happening right now to humans.

The water supply is being cut off via geoengineering, causing global droughts and widespread crop failures. Entire cities like Los Angeles and Los Vegas are being threatened with a terminated water supply in the years ahead.

The food supply is being decimated by cutting off fertilizer supplies and causing diesel fuel prices to go sky high while also attacking the supply chain that supplies agricultural equipment parts.

Nobel Prize winner dismantles transgenderism as 'unscientific,' at odds with fundamental biology

A biologist and Nobel Prize winner made headlines this week when she asserted basic biological reality in opposition to the claims of radical transgender ideologues.

(Article by Ashley Sadler republished from [LifeSiteNews.com](https://www.lifesitenews.com))

In an exclusive interview in German language feminist magazine EMMA, German developmental biologist and Nobel laureate Christiane Nüsslein-Volhard explained that the basic biological principles regarding sexuality disprove transgenderism.

"[A]ll mammals have two sexes, and man is a mammal," said Nüsslein-Volhard, who won the 1995 Nobel prize in Physiology and Medicine for her research in early embryonic development.

— Miriam Grossman MD (@Miriam_Grossman) August 24, 2022

"There's the one sex that produces the eggs, has two X chromosomes. That's called female," she said. "And there's the other one that makes the sperm, has an X and a Y chromosome. That's called male."

Asked whether people can change their gender, the Nobel laureate was unequivocal.

"That's nonsense! It's wishful thinking," she said. "There are people who want to change their gender, but they can't do it ... People retain their gender for life."

Nüsslein-Volhard also warned of the dangers of prescribing hormones to help people look more like the opposite sex.

"The body cannot handle it well in the long run," she said. "Every hormone you take has side effects. Taking hormones is inherently dangerous."

Responding to recent claims by Sven Lehmann, the German federal government's "queer commissioner" who reportedly argued it's "unscientific" to affirm there are only two genders, Nüsslein-Volhard argued that it's the transgender view espoused by Lehmann that's "unscientific."

"This is unscientific! Perhaps Herr Lehmann missed the basic course in biology," she joked.

The German government had appointed Lehmann as its first "commissioner for queer affairs" in June. Last year, the government began pushing for legislation to allow children as young as 14 to change their legal gender without parental consent.

Nüsslein-Volhard told EMMA that allowing children to "change their gender" is "madness," noting that she, like "many girls," had been "unhappy in puberty." According to the professor, young girls should be supported in their actual identities rather than encouraged to become like men.

While observing that gender-confused people "should not be discriminated against," and that it's "bad" when "people are treated badly," Nüsslein-Volhard nonetheless argued that people who believe they can change their gender "cannot impose their ideas on everyone as facts."

Nearly 1 in 6 “fully vaccinated” for covid American adults now suffers from serious health problems

This article was printed from: <https://www.chemicalviolence.com/2022-08-09-one-in-six-vaccinated-adults-health-problems.html>

Recently, John Zogby Strategies conducted a survey revealing that upwards of 15 percent of all American adults who got “vaccinated” for the Wuhan coronavirus (Covid-19) now suffer from at least one serious health condition.

Commissioned by Children’s Health Defense (CHD), the survey aimed to assess the attitudes and overall health of American adults, many of whom fell for the Operation Warp Speed scam and are now paying the price for it.

Of those who participated in the survey, 67 percent indicated that they received one or more doses of the injection while the remaining 33 percent *just said no* to experimental drugs from the government. Of the vaccinated group, six percent took just one dose; 28 percent took two doses; 21 percent received three doses; and the remaining 12 percent took four or more injections.

All in all, 15 percent of the fully jabbed group have since been diagnosed by a medical professional as having a new health condition that was not present pre-injection. These conditions appeared within weeks or even days post-injection. (Related: Is monkeypox a covid jab adverse event?)

“The fact that the Centers for Disease Control and Prevention (CDC) reports more than 232 million Americans ages 18-65 have taken at least one dose of the COVID-19 vaccine, and 15% of those surveyed report a newly diagnosed condition is concerning and needs further study,” says Laura Bono, executive director of CHD.

“The mRNA vaccine technology is new and clinical trials naturally have no long-term data. CHD believes this survey points to the need for further study.”

67% of vaccinated, including those with new health problems, still say getting jabbed was a “good decision”

Attack from within: Covid vaccines REPROGRAM the immune system to destroy vital organs

08/25/2022 / By Ethan Huff

This article was printed from: <https://chemicalviolence.com/2022-08-25-covid-vaccines-reprogram-immune-system-attack-organs.html>

Two German pathology professors, Arne Burkhardt and Walter Lang, held a press conference the other day to present evidence indicting Wuhan coronavirus (Covid-19) “vaccines” as organ-destroying death shots.

The duo showed 10 autopsies of people who died not long after getting jabbed for the Fauci Flu. All of them were over the age of 50, and their intervals of death following injection varied within a two-week window.

In at least five of the 10 cases, Burkhardt and Lang observed “lymphocyte riot” within the bodies, meaning an excess of lymphocytes had built up in tissues like the liver, kidneys, spleen and uterus.

These lymphocytes aggressively attack these organs and tissues as if they were foreign invaders, which is basically a form of autoimmunity. The end result was organ damage leading to death.

In only two of the cases, vaccination was officially ruled to be a “probable” cause of death. One case is still being evaluated, while the remaining two were deemed “rather coincident” or “possibly” related to the jabs. (Related: Did you catch our story about how the graphene oxide in covid injections self-assembles inside the body to create radio frequency transmission materials?)

Why risk dying just to maybe, possibly avoid the covid sniffles?

Another German doctor, Prof. Peter Schirmacher, investigated 40 autopsies using similar criteria as Burkhardt and Lang. He discovered that they, too, showed tissue damage at the microscopic level.

At least one third of these cases died directly from the injections, via either cerebral vein thrombosis or some form of autoimmune disease.

The reason why the remaining two-thirds were not deemed to have been caused by the shots is because lymphocytic myocarditis is rarely detected macroscopically, meaning it is thus not recognized histologically.

These are complicated-sounding medical terms, but suffice it to say that certain scientific loopholes allow for a convenient overlooking of this link – not to mention the fact that lymphocytic myocarditis is often mistaken as a general infarction that gets blamed on other causes.

Autoimmune destruction is the most lethal effect of covid injections, according to Burdhardt. He and his partner identified three extremely rare, jab-induced forms: Sjogren's syndrome, leucoclastic vasculitis of the skin, and Hashimoto's disease.

"Other life-threatening adverse events include a reduction in immune system function, vascular damage, vasculitis, perivasculitis and erythrocyte clumping," notes *Exposé News*.

What this all goes to show is that covid injections, like most vaccines – though in a much more severe and direct way – damage natural immunity, both innate and adaptive.

They prime the body for immune *depletion*, leaving it more prone to infection, virus interference, cancer and other deadly diseases that are much worse than "covid."

People who get double jabbed are especially prone to problems as their bodies produce noticeably less interferon later on when they encounter other germs.

One study declared that covid injections directly hamper innate immunity, resulting in increased susceptibility to covid – so what, exactly, is the point of these shots?

The answer to that question is not disease prevention – that is for sure! By all appearances, these injections are *death* jabs disguised as medicine. And even if a person does not die immediately, he or she basically now has vaccine-induced AIDS (VAIDS), which means premature death could still be on the horizon.

According to Burkhardt, these medical coding standards used for finalizing death certificates are "completely unsuitable" and "ultimately statically worthless" because they fail to properly identify the jabs as the root cause of many deaths.

"How can public health officials and medical doctors make any progress on Covid-19 and effective prevention measures if the cause of death is flagrantly generalised and the pathological evidence is ignored?" asks *Exposé News*.
