## A CHRISTMAS LETTER TO YOU

It's that time of year again. It's starting to look a lot like Christmas here. People were putting up Christmas decorations before Thanksgiving this year. People seem starved for that feeling they get this time of year - a feeling of peace and goodwill. The political climate has been one of darkness and hostility toward Christians. In the days of our Savior's birth it was a similar climate when Herod sent out the decree to kill all of the male children two years old and under. It's apparent that the hostility toward Christians is growing every day.

We won't let them dampen our Christmas spirit. I have been blessed by the fellowship and camaraderie that I have shared with so many of you fellow Christian patriots this past year. We truly appreciate and thank you from the bottom of our heart for your faithful generosity despite these trying economic times! God willing, we are going to continue to keep fighting the fight to the end.

I know it's not possible to meet all of you in this life, but when we get to heaven we'll have the time. I am looking forward to doing just that! In the meantime, I love preaching the Christmas message. It gives me a feeling of peace and rest. Until we meet on that Golden Shore, I pray this is the very best and blessed Christmas you and your friends and family ever have. The best thing about celebrating our Savior's birth is knowing that His return is imminent.

From all of us here at Doer's of the Word Church and What's Right What's Left Ministries, we wish you a very Merry Christmas and a Happy New Year!

John 14:6 "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me."

HARDCORE CATHOLIC TRUCKER GETS SAVED!! :)

Every once in a while, anybody trying to win souls to Jesus will come across a person who is a 'die-hard' Catholic, Baptist, Prebyterian, etc., who is thoroughly convinced that their religion, or denomination makes them a Christian. And thus, as a Christian by being a part of that religion, they are sure to go to Heaven.!

Sunday morning I gave, or tried to give, a Gospel tract to a Catholic trucker, who did not want to take anything Biblical, but only Catholic. So God had me ask him a question that he could not refute. I said "Let me ask you a very simple question... as a Catholic, if you were to drop dead right now, are you 100% sure that you would be a Catholic in Heaven, or a Catholic in hell?" This caught him completely off guard. My question to him was perfectly logical. ANY honest Catholic has to realize that Catholics have gone to both places. (Catholics that went to heaven were those who got saved by trusting Jesus as their Savior, John 14:6, and Catholics that went to hell trusted the Catholic church or somebody else)

I told John that Al Capone was a Catholic, Mussolini was a Catholic, and many of the most dispicable killers and immoral people whoever lived were Catholic. Would this mean that they all went, or are going to go to heaven? John could not argue with that common sense logic. I then told John that I assume he would rather be in Heaven than in hell, and God very clearly shows what makes the difference, and it has NOTHING to do with the church we belong to, or who are religious leaders are.

I then showed him how that Jesus paid for his salvation at Calvary. We are redeemed through his blood (Eph 1:7). If we repent of our sin/s (Luke 13:3) and receive his free gift of salvation by faith alone (Eph 2: 8&9), then he saves us (Rom. 10:9,10, and 13). John came to understand that only Jesus can get him to heaven, and that it is a sure thing when he trusts Jesus to wash away his sins and give him eternal life. I made it clear to John that Jesus was knocking at the door of his heart right then and there, and only he could open up that door. He then bowed his head and silently prayed a sinners prayer with me, trusting Jesus as his only means of salvation. Praise the Lord!! And thanks to all of you for helping this ministry :)

Reader... It's now time to make <b>YOUR</b> choice.
If you choose Jesus Christ, all of your sins will be forgiven and you will receive God's <b>FREE</b> gift of eternal life.
If you do nothing, you'll remain a condemned child of Satan... and one heartbeat from hell.
<b>Choose Christ right now.</b>

## Warning To Politicians And Those Who Celebrate Perversion Of God's Design: Beware, A Day Of Judgment Is Coming

By KEN HAM | DECEMBER 5, 2022

(Photo: CommonsSpace Image)

Tuesday, November 29, 2022, was a sad day in American history as, in a 61–36 vote, the US Senate passed a bill, called the “Respect for Marriage Act” (RMA), to codify same-sex “marriage” into law (the bill must pass through the House again, before being signed by President Biden). This bill made it through the Senate with 100% Democratic support, along with the support of 12 Republicans.

Now this bill is being called the “Respect for Marriage Act,” but a number of Christians have referred to it as the “Disrespect for Marriage Act”—it’s certainly the “Redefinition of Marriage Act,” which means the “Rejection of God’s Definition of Marriage Act.”

It’s so sad to see such wickedness in this nation as political leaders redefine and pervert the institution of marriage that *God* created. Yes, *God*—not the government, society, or culture—created marriage, and there’s only one true marriage, one man and one woman (Genesis 1:27; Genesis 2:24). US politicians don’t have the authority (even if they think they do) to redefine marriage!

# *The Loss of Human Control: Dystopia Is Upon Us*

## **The Loss of Human Control: Dystopia Is Upon Us**

Paul Craig Roberts

*RoboCop Unleashed*

<https://www.zerohedge.com/technology/san-francisco-pd-proposes-letting-robots-kill-suspects>

That the government of San Francisco, America's most liberal city, on November 29, 2022 by a vote of 8 to 3, authorized robots to have life or death authority over citizens indicates the extent to which Americans have been dehumanized. Perhaps this dehumanization is the consequence of many decades of Washington slaughtering people from Vietnam through Serbia, Afghanistan, the Middle East, North Africa to Ukraine. Having blown up villages, weddings, funerals, children's soccer games, medical centers, farmers, and countless women and children, it is not a big step to siccing killer robots on citizens.

Another reason for this development is the likely payment of bribes to the San Francisco government by Artificial Intelligence corporations that want to develop a market for their AI products. Robots have an upfront cost, but unlike policemen do not have to be paid salaries and provided with health care and retirement pensions.

Substituting robots for police officers will be hyped as a cost reduction measure. The fact that it is the final dehumanization will go unnoticed by people determined to line their own pockets.

Give the digital revolution a minute of thought. I have written that the digital revolution, which provides us contact with the world from wherever we are, is the worst disaster that has happened to humanity. The digital revolution has given governments spy and control powers over people far beyond the capabilities of Big Brother in George Orwell's dystopia, *1984*. Now we have a government empowering robots to kill humans who have not been arrested, indicted, tried, and convicted. That humans would convey such authority over themselves to robots begins the transformation of human life into conformity with dystopian science fiction novels and movies such as *Terminator*.

There is no reason to open this door. The San Francisco police do not need killer robots. There is nothing happening in San Francisco that is beyond the ability of the highly militarized SWAT teams to handle and subdue. It is not clear that San Francisco even needs SWAT teams. SWAT teams themselves and their lack of restraint mark a bad turning in policing. There were no SWAT teams until the later years of my adult life. Their main use has been to gratuitously break into homes, causing home damage, human injury and death, often of innocent people resulting from the SWAT team going to an incorrect address.

If the control of crime now requires SWAT teams, it speaks to the decline in the morality and discipline of the society. SWAT teams treat symptoms, not causes. Why has the morality and discipline of society diminished to the point that military force is needed in civilian policing?

In my opinion, it is the responsibility of the liberals. They have destroyed religious belief that constrained the evil in people. They have destroyed the responsibility of the individual, who can blame parents, racism, society for his or her bad behavior. It is the liberals who unleashed the Satanic elements that civilization had held in check. It is the liberals who are the destroyers of civilization.

## RUSSIA: PUTIN SIGNS LAW BANNING ALL LGBT EXPRESSION IN PUBLIC LIFE

by Karen Faulkner, Worthy News Correspondent

(Worthy News) – Russian President Vladimir Putin on Monday signed a law that effectively prohibits any public expression of LGBT behavior or lifestyle in Russia, Reuters reports.

The new legislation expands on an existing 2013 'LGBT propaganda' law which prohibits the "demonstration" of homosexual conduct to minors. Gay pride marches had already been banned under the existing law. The European Court of Human Rights ruled in 2017 that the 2013 law is discriminatory and violates the European Convention on Human Rights.

Under Putin's new law, all "LGBT propaganda," including any action or spreading of information that seeks to promote homosexuality in public, online, or in films, books, or advertising to anyone of any age, is prohibited, Reuters said.

Violation of the law can result in heavy fines of up to 400,000 rubles (\$6,370) for "LGBT propaganda" and up to 200,000 rubles (\$3,185) for "demonstrations of LGBT and information that encourages a change of gender among teenagers." The fines are increased (\$80,000) and 4 million rubles (\$64,000), respectively, for legal entities.

Rights groups have said laws such as this aim to drive lesbians, gay men, bisexuals, and transgender people out of public life altogether, Reuters reports. Tanya Lokshina, associate Europe and Central Asia director at Human Rights Watch said in a statement: "The 2013 'gay propaganda' law was an unabashed example of political homophobia, and the new draft legislation amplifies that in broader and harsher ways."

"And all that dwell upon the earth shall worship him, whose names are not written in the book . . ." (Revelation 13:8).

Dear friend,

October 2022

As we get closer to the Second Coming of Christ and the end of the world, we can all expect the Devil and his earthly minions to pick up pace with their plan to take over the world. The battle lines are now being drawn. And the Marxist infiltrators that have seized control of our government are threatening to destroy their enemies (Christians and Patriots).

Marxists are very deceitful. They use every means possible to take full control of any country. Lying, cheating and causing division is all part of their game plan. In this edition of Tribulation Watch Newsletter we explain in detail how Marxism is not only threatening to take over our country, but our minds.

God bless you!

The Lord shall laugh at him: for he seeth that his day is coming." (Psalm 37:12, 13).*

## Did you know Covid-19 mRNA vaccines are depopulating the world?

In case you have not figured it out yet, the real *plandemic* was never some airborne virus. It has always been the so-called "vaccines", the contents of which are now killing hundreds of thousands of people weekly, according to the latest government data.

The "fully vaccinated" are the walking dead, carrying around with them a damaged immune system plagued by spike proteins and other deadly toxins that are overwhelming health systems with sick and dying patients.

You will not hear about this on the "news" of course, because it tells a much different story than the one being propagated by the powers that be, which want us all to believe that the jabs are "saving lives." The truth is that the jabs are massively "depopulating" the world right before our eyes. The number of daily calls for ambulances in England, are one example, are now so high in number that the system there is having trouble sending emergency first responders to every case. Hospitals are also becoming overwhelmed with patients suffering from post-jab illnesses, leaving few, if any, hospital beds for anybody else.

### CDC: Myocarditis risk 133 times higher among fully jabbed

The National Health Service (NHS), according to a freedom of information request, has confirmed that the number of heart-related emergencies doubled in 2021 compared to 2020 and prior. In 2022 so far, the number is still going parabolic as the long-term impact of the jabs runs its course.

We know from the latest data charts-you can see them at [GlobalResearch.com](https://www.globalresearch.com).that ambulance calls continue to increase month after month with no end in sight.

Many of these calls are for younger people, just to be clear, and not just for the elderly. Young people who would otherwise be fit as a fiddle are now debilitated with a damaged heart, which in many cases results in heart attack or stroke.

Excess deaths are also skyrocketing as injection spike proteins accumulate inside people's bodies and from clots that, in many cases, end up resulting in *death*.

## **...For vaccine damage, spike protein detox and respiratory system**

💡 NAC... for vaccine damage, spike protein detox and respiratory system.

N-acetyl-L-cysteine, as it is properly called, is an effective agent in covid, and for detox in case of corona vaccinations. It may also offer protection against the shedding phenomenon.

It has anti-inflammatory effects, but also protects against lung damage, blood clots, and excessive immune responses. Here is an exciting report (<https://www.deutsche-apotheker-zeitung.de/daz-az/2012/daz-7-2012/n-acetylcystein-kann-mehr-als-sekret-loesen-studien-zeigen-neue-therapieoptionen-auf>).

Translated with [www.DeepL.com/Translator](http://www.DeepL.com/Translator) (free version) N-acetyl cysteine (NAC) is a supplement form of cysteine of a semi-essential amino acid.

\* Both N-acetyl cysteine (NAC) and cysteine is important for a variety of health — including replenishing the most powerful antioxidant in your body, glutathione. It helps with chronic respiratory conditions, fertility and brain health.

### **Benefits:**

- \* NAC helps relieve respiratory symptoms, and it is essential for making the powerful antioxidant glutathione.
- \* Helps with detoxification to prevent or diminish kidney and liver
- \* Ability to boost glutathione levels may improve immune function
- \* Boosts brain health by regulating glutamate and replenishing glutathione
- \* May improve psychiatric disorders and addictive behavior
- \* May stabilize blood sugar by decreasing inflammation in fat cells
- \* May reduce heart disease risk by preventing oxidative damage
